carissakytang@gmail.com | 647-739-2588 | [LinkedIn](#) | [Website](#) | [GitHub](#) | Markham, ON

## EDUCATION

### *University of Waterloo*

B.CS. Computer Science (Co-op)

*Apr 2026*

## EXPERIENCE

### *Google (Virtual)*

#### Google CSSI Scholar

*Jul - Aug 2021*

- Completed a 4 week, project-based JavaScript processing curriculum taught by Google engineers
- Configured 15 individual JavaScript projects and delivered a final collaborative project and presentation

### *Cellular Longevity (San Francisco, CA / Remote)*

#### Web Development Intern

*May - Aug 2021*

- Redesigned the Loyal Pack dog form to allow users to add, edit, and save a dog, using React JS
- Reworked the Loyal Pack registration flow to better inform users about what to expect, simplify the account creation process, and more quickly route them to key conversion metrics, using Django
- Implemented a feature for users to share their personal dog profile(s) publicly, using Django & React JS

### *Qoom (San Francisco, CA / Remote)*

#### Communications Intern

*Aug 2020 - present*

- Create social media posts, emails, blogs, and documentation to inform end-users of new updates, increase brand outreach, and maintain current relationships using HTML/CSS, Markdown, and Canva
- Designed a tracking system to streamline the hackathon sponsorship process
- Initiated an ambassador team to amass over 150 registrations for their workshops series
- Assist with quality assurance to improve and maintain Qoom's core product

## PROJECTS

### *Symptom Checker Website*

*Jan 2021*

- Preliminary self-diagnostic tool with an account database, built using Figma, HTML, CSS, and Javascript

### *Scheduling Web Tool*

*Oct 2020*

- Built to allow users to schedule events and invite guests to sign up, using Figma, HTML, CSS, JS, Express, and MongoDB

## SKILLS

### *Languages*

- *Familiar:* Javascript, React JS, HTML/CSS
- *Basic:* Python, Java, Node.js, Django

*Tools:* Figma, Sketch, Git
